

# Welcome to the Calmin family!

Only available at your  
veterinary practice

## Calmin balance

### To provide support in situations that cause stress and anxiety.

Calmin balance supports cats and dogs in stressful and anxiety-triggering situations. This includes socialization with new animal housemates, panic about loss, moving and offspring, travel anxiety as well as visits to the vet. Calmin balance can also be used to support cats with anxiety-related behavioral disorders, including stress-related urination in the house and psychogenic licking.

### Ingredients (excerpt)

#### Milk protein hydrolyzate

Alpha-casozepine, a peptide derived from casein, is a natural component of breast milk in mammals. It supports the release of the neurotransmitter GABA, which, thanks to its nutritional properties, can have a positive effect on sleeping patterns and relaxation during situations that cause stress and anxiety. This is similar to the effect seen in puppies after suckling.

### L-tryptophan

L-tryptophan is an amino acid and a precursor to the happiness hormone serotonin.

### Dextrose

Dextrose plays an important role in increasing the bioavailability of L-tryptophan in the brain. This is achieved by dextrose's ability to increase blood sugar levels, which in turn releases insulin. The insulin release results in larger amino acids being transported to the muscles. This leads to L-tryptophan no longer having to compete with other amino acids for the amino acid transporters to the brain. As a result, the body can transport more L-tryptophan to the brain.

### Hops tincture

*(Humulus lupulus)*

Hops tincture has long been used traditionally to relieve anxiety and restlessness as it has natural calming properties.

### Passion flower extract

*(Passiflora incarnata)*

Passion flower extract has long been used traditionally to relieve anxiety and restlessness. This effect is thanks to its natural calming and anxiolytic properties.

### B Vitamins

B Vitamins, especially folic acid and vitamin B6, play an important role in serotonin metabolism.

## Calmin balance tablets

<b>Product type</b>	Complementary feed for cats and dogs																								
<b>Number of tablets</b>	60 / 150 × 1g divisible tablets																								
<b>Composition</b>	Milk and dairy products, meat and animal by-products, dextrose, yeast, milk protein hydrolyzate, minerals, eggs and egg products, salmon oil																								
<b>Analytical components</b>	Crude protein (34.5%), crude ash (9.6%), crude fiber (0.9%), crude fat (11.8%)																								
<b>Sensory additives (per kg)</b>	Hop tincture (75,000mg), passion flower extract (75,000mg)																								
<b>Nutritional additives (per kg)</b>	L-tryptophan (50,000mg), vitamin B6 (120mg), folic acid (52.8mg)																								
<b>Daily recommended dosage</b>	Calmin balance can be given directly or mixed with the pet's food. Should be fed after a meal rich in carbohydrates.																								
<b>Dosage table</b>	<table border="1"> <thead> <tr> <th>Weight</th> <th>Cats</th> <th>Dogs</th> </tr> </thead> <tbody> <tr> <td>&lt; 5kg</td> <td>1 × a day</td> <td>1 × a day</td> </tr> <tr> <td>&gt; 5kg</td> <td>1 × a day</td> <td>1 × a day</td> </tr> <tr> <td>&lt; 5kg</td> <td>1 × a day</td> <td>1 × a day</td> </tr> <tr> <td>5-10kg</td> <td>1 × a day</td> <td>2 × a day</td> </tr> <tr> <td>10-20kg</td> <td>2 × a day</td> <td>3 × a day</td> </tr> <tr> <td>20-30kg</td> <td>3 × a day</td> <td>4 × a day</td> </tr> <tr> <td>30-40kg</td> <td>4 × a day</td> <td>4 × a day</td> </tr> </tbody> </table>	Weight	Cats	Dogs	< 5kg	1 × a day	1 × a day	> 5kg	1 × a day	1 × a day	< 5kg	1 × a day	1 × a day	5-10kg	1 × a day	2 × a day	10-20kg	2 × a day	3 × a day	20-30kg	3 × a day	4 × a day	30-40kg	4 × a day	4 × a day
Weight	Cats	Dogs																							
< 5kg	1 × a day	1 × a day																							
> 5kg	1 × a day	1 × a day																							
< 5kg	1 × a day	1 × a day																							
5-10kg	1 × a day	2 × a day																							
10-20kg	2 × a day	3 × a day																							
20-30kg	3 × a day	4 × a day																							
30-40kg	4 × a day	4 × a day																							
<b>Shelf life and expiration information</b>	Do not store over 25°C. Use within 6 months after opening. Store the container tightly closed in a dry location.																								
<b>Note</b>	Not suitable for greyhounds and golden retrievers. Made in Germany.																								

## Calmin balance powder

<b>Product type</b>	Complementary feed for cats and dogs																								
<b>Contents</b>	30 / 60g powder																								
<b>Composition</b>	Milk protein hydrolyzate, dextrose																								
<b>Analytical components</b>	Crude protein (30.7%), crude ash (3.7%), crude fiber (< 0.5%), crude fat (0.7%)																								
<b>Sensory additives (per kg)</b>	Hop tincture (200,000mg), passion flower extract (200,000mg)																								
<b>Nutritional additives (per kg)</b>	L-tryptophan (133,000mg), vitamin B6 (320mg), folic acid (134.4mg)																								
<b>Daily recommended dosage</b>	Calmin balance can be given directly or mixed with the pet's food. Should be fed after a meal rich in carbohydrates.																								
<b>Dosage table</b>	<table border="1"> <thead> <tr> <th>Weight</th> <th>Cats</th> <th>Dogs</th> </tr> </thead> <tbody> <tr> <td>&lt; 5kg</td> <td>1 × a day</td> <td>1 × a day</td> </tr> <tr> <td>&gt; 5kg</td> <td>0,5 × a day</td> <td>1 × a day</td> </tr> <tr> <td>&lt; 5kg</td> <td>1 × a day</td> <td>1 × a day</td> </tr> <tr> <td>5-10kg</td> <td>1 × a day</td> <td>2 × a day</td> </tr> <tr> <td>10-20kg</td> <td>1 × a day</td> <td>3,5 × a day</td> </tr> <tr> <td>20-30kg</td> <td>1 × a day</td> <td>4 × a day</td> </tr> <tr> <td>30-40kg</td> <td>1 × a day</td> <td>4 × a day</td> </tr> </tbody> </table>	Weight	Cats	Dogs	< 5kg	1 × a day	1 × a day	> 5kg	0,5 × a day	1 × a day	< 5kg	1 × a day	1 × a day	5-10kg	1 × a day	2 × a day	10-20kg	1 × a day	3,5 × a day	20-30kg	1 × a day	4 × a day	30-40kg	1 × a day	4 × a day
