CUTANIA® Skin Control Wipes

These wipes are nice enough to compete with other well known, brand name products. They smell nice and have similar ingredients.

★★★★★ SPECTACULAR SAMPLE PACK

Reviewed on 10/10/23

CUTANIA® Skin Control Wipes

I absolutely LOVE how these samples are full size. So far they have worked wonderfully and my Dr. even likes them. We were using a spray after expressing anal glands that has since been discontinued and I believe with these we have now found a new product to be using. They have even taken away the smell better than the spray we were using. The tear stain wipes have worked amazingly for a few of our clients and they small dogs even cats with some weepy eyes.

★★★★★ THEY SMELL REALLY GOOD

CUTANIA® Skin Control Wipes

Sadly we were unable to use these products due to the scent. Our medical director does not allow scented products to be used within our facility and we don't prescribe scented products as well. If they were unscented we would have given them a try to see how they worked.

These smell awesome and are great for anal glands and general wipes the eye wipes work great too. Saw these at a show.

★★★★★ WORK GREAT!!!

Reviewed on 22/09/23

CUTANIA® Skin Control Wipes

We loved the wipes. The wipes are super convenient, the small pads were great because the container easily sealed back up. The larger wipes were nice for doing larger areas of the body. The only complaint is towards the end of the wipes the package didn't seal as well so we stored in a zip-lock bag to keep them moist.

★★★★★ VERY EFFECTIVE !

Reviewed on 23/08/23

CUTANIA® Skin Control Wipes

I tried the wipes out on my French Bulldog who is prone to tear stains. I have been on a long quest to find an effective product to no avail. These wipes work ! It will take a couple of rounds of course , but I have seen the most success with this product. I would be happy to recommend this product to our smooth face clientele. Additionally , they smell great & the sample pack they send you is quite generous !
